LAS VEGAS - Realty ONE Group exceeded all sales expectations during 2010, completing nearly 1,500 more transactions than its closest competitor and retaining its status as Nevada's top ranked real estate brokerage.

Within the year, Realty ONE Group completed 9,337 deals in Nevada valued at \$1.42 billion, which is a year-over-year increase of 2,000 percent since the full service real estate brokerage opened in 2005.

"Realty ONE Group's continuing success is a product of its philosophy and business model, which are dedicated to empowering real estate professionals," said CEO and Founder Kuba Jewgieniew. "Coupled with our respected brand and working with the best in the industry, our full-service real estate company continues to be poised for significant success."

The number one status in Nevada mirrors other top accolades, including being ranked among Inc. magazine's top 500 fastest growing companies in the United States during 2009 and 2010.

The brokerage has nearly 2,500 associates in Arizona, California and Nevada, and completed more than 13,000 transactions in 2010 valued at \$2.1 billion. Jewgieniew expects the momentum from the previous year's success to quicken.

"For Realty ONE Group, 2011 will be a continuance of its impressive growth and prosperity," Jewgieniew said. "We plan to open new offices, continue to expand our services and maintain our number one ranking."
