Realty ONE Group Named to Inc. 500 List for Third Consecutive Year

Status as one of the “Fastest Growing Companies” is Reflected in Ambitious Expansion Efforts: Forward-Thinking CEO Sees Opportunity in Today’s Real Estate Environment

LAS VEGAS - Realty ONE Group, a full-service brokerage firm with offices in Arizona, California and Nevada, has been named for the third consecutive year to the Inc. 500 list of fastest-growing companies. (<http://www.inc.com/inc5000/profile/realty-one-group>)

“Others look at the current real estate market and see despair. We see opportunity,” CEO and Founder Kuba Jewgieniew said. “Our growth provides more opportunities for local real estate agents to experience our proven model for success: a simple and attractive compensation plan, backed by a full suite of educational, managerial and technological support.”

Realty ONE Group has been on a torrid growth pace: an expansion of its Southern California footprint with the Sept. 1 opening of its first office in Riverside County; the August acquisition of John Hall & Associates, a leader in Arizona real estate since 1974; a planned expansion into San Diego next year; and an eye toward national franchising.

With more than 3,000 agents in Arizona, California, and Nevada, Realty ONE Group closed over 13,000 transactions in 2010, ranking as the nation’s thirteenth-largest real estate brokerage. This year the firm is on pace to close nearly 16,000 transactions, which will elevate it to the top 10 in the nation.

Realty ONE Group’s heritage has always been one of fast, smart growth. After opening its first office in 2005 in Las Vegas, the company became profitable within four months and has remained so. "Our business model is based on attracting quality real estate professionals and empowering them by offering more resources for less money," said Jewgieniew.

Inc. magazine’s revered list of the nation’s most successful private companies has become the hallmark of entrepreneurial success and a celebration of innovation. First introduced in 1982, the highly sought-after list has included some remarkable companies throughout the years, including Microsoft, GoDaddy.com, Under Armour, Oracle and Jamba Juice, just to name a few.
